12. [redacted] In connection with the breakfast briefing of freshmen Congressmen, Congressman Howard Pollock (R., Alaska) said he was very much interested in obtaining an Agency seal for his office. Mr. Pollock said that he found the presentation extremely interesting. Mr. Edwin Eshleman (R., Pa.) asked that I stop by in his office later this week to discuss a personnel matter with him. Mr. Lawrence Williams (R., Pa.), who had a 10:00 a.m. committee appointment that he had earlier stressed he wanted to make, determined during the course of the briefing to remain through its conclusion. Mr. George Bush (R., Tex.) who had to leave early because of a previous commitment extended his time at the briefing "because it was fascinating and informative."
